Investment Objective
Seeks to maximize current income to the extent consistent with the preservation of capital and maintenance of liquidity.

Who May Want to Invest?
Those who:
• require stability of principal
• are seeking an investment for the cash portion of an asset allocation program
• are looking for an investment with a lower degree of risk during uncertain economic times or periods of stock market volatility
• consider themselves savers rather than investors
• are participating in a dollar-cost averaging program under their variable life insurance or annuity contract

Investment Strategy
The Money Market Fund seeks to maintain a stable net asset value of $1.00 per share. The Fund invests exclusively in short-term U.S. dollar-denominated money market securities, including those issued by U.S. and foreign financial institutions, corporate issuers, the U.S. Government and its agencies and instrumentalities, municipalities, foreign governments, and multi-national organizations, such as the World Bank.
