

Account Information

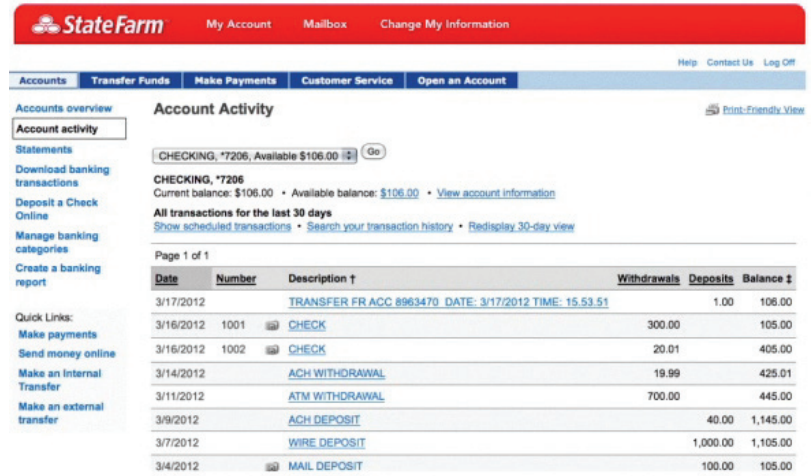

Viewing and organizing your Account Information is clear and simple at State Farm Bank®.

If you're balancing your books and come across a check that you don't remember writing, you can view the check image to help jog your memory.

If you're working out the details of a new budget, you can create and manage custom Banking Categories to help you organize your spending habits.

Or if you're curious about how much you spent at the coffee shop last month, you can create Banking Reports that show activity from the dates and categories you're interested in.

Because you and your money come first, you'll always be able to find the information you need, and fast.

The screenshot shows the State Farm online banking interface. At the top, there's a red navigation bar with the State Farm logo and links for 'My Account', 'Mailbox', and 'Change My Information'. Below this is a blue navigation bar with tabs for 'Accounts', 'Transfer Funds', 'Make Payments', 'Customer Service', and 'Open an Account'. The main content area is titled 'Account Activity' and shows details for a 'CHECKING, *7206' account with an available balance of \$106.00. A table lists transactions for the last 30 days, including transfers, checks, ATM withdrawals, and deposits.
