

Give your retirement account a bonus — up to \$500.

State Farm® will credit your Traditional IRA or Roth IRA brokerage account with the qualifying bonus.

Who wouldn't love a retirement bonus?

Now through September 30, 2022, roll over, transfer or add to a new or existing Traditional or Roth IRA and you'll receive a cash bonus in your account. The size of your bonus varies depending on the amount added.

Hurry, offer ends September 30, 2022.

Prior to rolling over assets from an employer-sponsored retirement plan into an IRA, it's important that customers understand their options and do a full comparison on the differences in the guarantees and protections offered by each respective type of account as well as the differences in liquidity/loans, types of investments, fees and any potential penalties.

This bonus offer is valid for any eligible new or existing State Farm Roth IRA or Traditional IRA brokerage account for deposits made from January 1, 2022, through September 30, 2022, and funded with at least the required minimum net deposits within ninety (90) days from the date of the first qualifying rollover or transfer deposit received by State Farm. The eligible Funds must come from sources external to State Farm, and all cash from external sources will be valued as of the date received by State Farm. If net deposits from external sources less assets withdrawn or transferred out of the Account equal to at least the minimum required amounts (minus trading losses) do not remain in the account for at least one year after the date of the first qualifying transaction, then State Farm may, in its sole discretion, charge the amount of the bonus back to the Registered Account.

The bonus will be applied to the cash position in the qualifying brokerage account. You can then work with your agent to purchase shares of the available funds. Purchase minimums, sales charges and other account-related fees may apply.

Before investing, consider the funds' investment objectives, risks, charges and expenses. This and other important information is contained in the fund prospectuses and summary prospectuses which can be obtained by visiting the prospectus page on statefarm.com® (www.statefarm.com/IPS/prospectus). Read it carefully. AP2022/01/0051
