

## Expedited Payments

Say you're late paying your rent and your landlord lives in another state. To avoid the late fee –and get back on your landlord's good graces –you need a paper check right away. For a fee\*, we'll overnight a check to any of your Payees so that you can move forward with the things that matter to you. We're committed to putting you and your money first when you need it most.

If you're in a bind, make sure to check the State Farm Bank® Smart Calendar first. You can avoid a fee if the available window gets your payment in on time.
