Drive Safe and Save™

(Image)

Woman driving vehicle. Image switches to show woman pressing OnStar button on car's rearview mirror.

(Image)

OnStar logo

(Disclaimer)

Availability and discounts may vary by state and coverages selected. In CA and NY, only mileage information may be used in discount calculation. A discount may not be available in California and North Carolina, depending on individual facts and circumstances.

(Speaker: Female Announcer)

Drive Safe and Save puts you in control of your car insurance and it's so easy. In fact if your vehicle has OnStar, you may already have what you need.

(Image)

Man pulls up Drive Safe and Save app on his smartphone while in car. Image switches to show man placing beacon in glove box of car.

(Speaker: Female Announcer)

And even if you don't, we've got you covered with the Drive Safe and Save mobile app and Bluetooth enabled beacon, we'll deliver to you.

Your discount is determined by how you drive

(Speaker: Female Announcer)

Your discount is determined by how you drive putting you in control of how much you pay.

(Image)

Another man drives a car, then image switches to a woman on her smart phone at an outdoor café.

(Text on Screen)

Save about 5 percent.

(Speaker: Female Announcer)

Just for signing up, you immediately save about 5% off your car insurance.

(Image)

Man driving car.

(Speaker: Female Announcer)

Then depending on how you drive, you can save even more.

(Image)

Man scrolls through his smart phone in the kitchen. Image switches to another man driving.
