

LOCATING INSPECTORS QUALIFIED TO COMPLETE THE LOUISIANA HURRICANE LOSS MITIGATION SURVEY FORM

Individuals qualified to complete the survey form are:

- (1) those with a General Certification of Certified Building Official, Master Code Professional, LA Licensed Engineer, or LA Licensed Architect, **and/or**
- (2) those with a Specialty Certification of Commercial Building Inspector, Commercial Combination Inspector, Residential Building Inspector, Residential Combination Inspector, or Building Inspector, **or**
- (3) Wind Mitigation Surveyors

To find individuals qualified to complete the survey form, click open the following link:

<http://www.dps.louisiana.gov/lsucce/>

The link will open the home page of the Louisiana State Uniform Construction Code Council (LSUCCC). From the LSUCCC home page, click on "Search Certificate Holders" to reach the Database for Registered Members search page.

From the Database for Registered Members search page, searches for inspectors referenced in (1) and (2) above can be made by contact or business name, application type, or certification. Type and/or select the search criteria, scroll down to the bottom of the page, and click the "Search" button. To search for (3) Wind Mitigation Surveyors, click on "Wind Mitigation Surveyors" under SEARCH BY APPLICATION TYPE, scroll down to the bottom of the page, and click the "Search" button.
