My Accounts Dashboard

The first page you'll encounter when you log in to your account is the My Accounts Dashboard page. The Dashboard displays summaries of your open accounts and acts as a gateway to all of the features, functions, and information you'll interact with while you're logged in.

If you're an existing State Farm® customer, your Dashboard view will also display summaries of other accounts and policies you hold with us, such as insurance or mutual funds. It's all designed to get you connected as quickly as possible to your money.
